

Supplemental Preliminary Amendment
Serial No.: 09/674,167
January 31, 2001

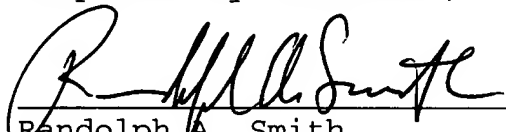

REMARKS

By this amendment, the specification has been editorially amended. Currently, claims 1, 3-4, 6-10, 12-18, 20 and 22-26 are pending in the application.

This Amendment corrects the specification to provide the two word phrase "chelate-capturing capability" that was inadvertently omitted by the Preliminary Amendment filed on October 27, 2000. This phrase was present in the original specification so it is respectfully submitted that no new matter has been presented by this amendment.

If there are any questions or concerns regarding this amendment or the remarks, the Examiner is requested to telephone the undersigned at the telephone number listed below.

Respectfully submitted,

Randolph A. Smith
